VOL. VII. RENO. WASHOE COUNTY, NEVADA. MONDAY. AUGUST 11. 1879. NO. 113

THE BLIND PACER.

Sleepy Tom, the Grandson of Pocahontas, and the Fastest Pacer in the World.

The Xenia (O.) *Torchlight* furnishes the following history of the great blind pacer Sleepy Tom: We have been to considerable pains to gather the following history of a horse raised and owned in this county, and who is now bidding fair to be the fastest horse in this country. Sleepy Tom was foaled on the 22d day of June, 1868, in the village of Bellbrook, this county. His dam was a Sam Hazzard mare, and at the birth of Tom was twenty years of age, being then only used for breeding purposes. She was formerly owned by Wm. Simmerson, who used her for a saddle mare, and was a very fine pacer. Tom's granddam was old Pocahontas, and carried Tom's sire, old Tom Roll, when she made her best time, which was 2:17½. Mr. Isaac Dingler, of Bellbrook, paid $50 for the chance of Tom, and at the age of three years had him trimmed, and put his son Charlie to training him on the river bottom track, much to the injury of the horse. His first race was on the Dayton fair grounds, and against a brown Gipsey mare; time 3:55. The best time that Tom ever made while owned by Mr. Dingler was at the Piqua races, his opponents being Sleepy George, Nellie Granger, Tom Hendricks and Bay Sallie; time 2:22½. Tom commenced going blind while Mr. Dingler was training him on the Dayton track, in 1874, caused by too much hard driving, and a severe cold which settled in his eyes. In the fall of 1875 Clem Beachie, of Lebanon, took him and had him "shut out" in the slow time of 2:48.

HIS EYESIGHT

At this time was almost entirely gone and Mr. Dingler concluded that his speed days were over, and drew him off the track. Soon after he sold him to a carriage painter by the name of Milliard, for a $125 note, approved by Ephraim Bumgardner. But this man Milliard used him brutally, driving him to a sleigh, and on one occasion made him go seventeen miles in seventy minutes, and would have driven him further had not the civil authorities of Spring Valley stopped and arrested him for fast driving. At the latter part of the sleighing season Milliard drove him to Xenia and traded him to Wm. H. Corry, getting in return a crippled three-year-old colt known as "Gumelastic Bill," a shyster watch and a quart of shot-gun whisky, amounting in all to about $30. Mr. Corry owned the horse for some time, but did not do much with him. All this time though, the eye of Mr. Stephen S. Philips, his present owner, was upon the horse, and Philips was often known to declare that he would yet possess Sleepy Tom if it took every cent he could rake and scrape, and he finally drove some kind of a bargain with Corry and came into full possession of the horse. Philips set about immediately in giving him a complete training, and, though during last year's racing he was not very successful, has produced a horse that is a wonder.

THE FIRST RACE

in which Tom participated this season was at Jackson, Michigan, where he entered the track with Sleepy George, Mattie Hunter, Switzer; Rowdy Boy, Lucy and Sally, as competitors, and carried away the stakes. From Jackson he next went to East Saginaw, where he paced six of the fastest heats ever known, competing against the same horses, and distancing Sleepy George and Sweetzer. He won this race by taking the third, fifth and sixth heats — Rowdy Boy taking the two first in 2:15, 2:16, and Mattie Hunter the fourth. This is said to be the greatest race on record for six straight heats, the slowest time in any heat being 18¼. From thence he went to Toledo. At Toledo he won the first two heats and was in a fair way to scoop in the third, when Rowdy Boy collided with him, and Tom got his leg fast in the wheel of a sulky drawn by Rowdy Boy and was thrown to the ground, and lost the heat, allowing Sally to come up and take it in 2:28. By this accident Philips was thrown from his sulky and had his hand badly injured, and the race was postponed until the next day, when John Splan, driver of Rarus,

PUT TOM THROUGH

in 23¾, winning the heat and race. He was next taken to Cincinnati, and won in three straight heats, competing against Rowdy Boy, Mattie Hunter and Sweetzer. He next appeared at Louisville, and last week won three straight heats on the Louisville track, his time being 16¼, 17½ and 17¼. Returning to Xenia he rested but a few days, and Monday evening last went to Columbus, where he will contest in the races to take place this week, and should he win on this track he will have taken, during this circuit of six races which ends at Columbus, $2400 in premiums. From Columbus Mr. P. will take him to Chicago where he will enter him in the Grand Circuit. After leaving Chicago he goes to Cleveland and thence to Buffalo, where he will enter the "free for all" race—$500 entrance fee, Robert Bonner offering $50,000 for the winning horse. Since the above was written Sleepy Tom won a heat at Columbus, in 2:14½, and at Chicago dropped the record to 2:12¼, just a second inside of Rarus' wonderful mark. A gentleman who saw him at Chicago says that apart from his blindness he is one of

THE FINEST LOOKING HORSES

he ever saw; his form showing the influence of his thoroughbred blood in his pedigree, and that his intelligence is surprising. He has implicit confidence in his present driver and seems to rely on him entirely. The driver leans over his quarters talking to him all the time the race is progressing, and the horse moves his ears backward and forward in response to the words. Our informant also states that Mattie Hunter, the mare from Tennessee, is scarcely inferior to Tom in either speed or endurance, and he thinks that either of them can beat Rarus "any sort" of a race. Since the days of his granddam, Pocahontas, it is doubtful if as capable a sidewheeler has taken a whirl on any track, and in our estimation the big chesnut mare was the greatest which ever appeared, not excepting her grandson, the hero of the above story. Mr. S. B. Philips, Jackson, Mich., since the Chicago races sold Sleepy Tom to Joseph Udel, of Wisconsin.

The Art of Begging.

The streets of London, England, have been recently placarded with an advertisement stating that the "art of begging is exhaustively taught in six lessons, by Prof. Lazarus Rooney, who begs to inform the public that he has founded a college for theoretical and practical instruction in mendicancy." Among other practical appliances for the profession, the professor announces that he keeps on hand artificial wounds and sores, assorted braces of twins, trained dogs for blind men, crutches for cripples, and surgical bandages for wounded imposters. Information is afforded respecting the most lucrative streets and neighborhoods.

A writer in the London *Builder* complains that an English patent costs in government duties $125 within the first six months, then $250 within three years, then $500 within four more—total, $875 levied in seven years for a patent during fourteen years; while a patent in America costs only $35, in one payment, for seventeen years. "Thus," he adds, "are the brains of Englishmen handicapped against those of their great rivals in the proportion of 175 to 7."

Dr. Mintie's Nephreticum.

DR. MINTIE'S NEPHRETICUM works wonders. In all cases of Dropsy, Bright's Disease, Kidney, Bladder and Urinary Complaints, or Retention of Urine, these troubles are entirely cured by the Nephreticum. Female Weakness, Gravel, Diabetes, pain in the back side and loin are cured when all other medicines have failed.

See what the Druggists of Portland and San Francisco say about Dr. Mintie's Nephreticum and English Dandelion Pills:

"We have sold a large amount of Dr. Mintie's medicines; the English Dandelion Pills; also the Nephreticum, and in all cases they are highly spoken of and give entire satisfaction."

John A. Childs, Druggist, Second street, Portland.

C H Woodward & Co., Druggists, corner First and Alder street, Portland.

Messrs. Abrams & Carroll, wholesale, Druggists, Nos. 3 and 5 Front street, San Francisco, say:

"We regard Nephreticum as the best Kidney and Bladder Remedy before the public."

All Druggists keep these medicines.

For all derangements of the Liver, Use Dr. Mintie's English Dandelion Pills.

For Billiousness and Dyspepsia, Use Dr. Mintie's English Dandelion Pills.

For Fever and Ague, Use Dr. Mintie's English Dandelion Pills.

Every family should keep the English Dandelion Pills on hand.

Dr. Mintie's Remedies will not "Cure all Complaints." but will, if taken according to directions, give immediate relief and perfect a cure in all troubles for which they are recommended. jan6-6m

TOLERATE NO NUISANCES.

The old saying that "as the twig is bent the tree's inclined," is as applicable to towns and villages as to children. The beauty or ugliness of a city is determined in its youth. Let the rising village have broad and regular streets, a spacious common and good ordinances; let its citizens have the taste and public spirit to set out shade trees and maintain them in its streets; to make gardens, and plant shrubbery: and the little village of to-day may in twenty years be renowned for its beauty as a city. California has several examples of such development. Oakland is a notable instance. A city of homes, of groves of trees, of green lawns and flowering gardens, of shaded and spacious streets; today the fairest on the Pacific coast.

The unsettled nature of life in Nevada has led to a neglect of appearances. People used to come to this state simply to make money, with no intention of remaining. But that state of things is passing away in all but the mining towns. Here in Reno a prosperous future is assured. The growth of the town has sprung from industries that are permanent. Its development may be slow, but its situation and advantages are such that before very many years it must be the principal city of Nevada. Its growth will be constant, while the mining towns must, sooner or later, decay. The home feeling is already strong in our citizens. They have found this a ood country to live in. There is a peculiar charm about life in these elevated mountain regions that grows with experience. Our people have mostly settled down for good, meaning to live and die in sight of the mountains of the Sierra.

Now that it is granted that Reno has a permanent population, and a bright future before it, no nuisances should be permitted to become established within its limits. Once an evil is created and tolerated it becomes a precedent for similar abuses. Many of our citizens have displayed praiseworthy enterprise and taste in constructing substantial buildings, solid sidewalks, and in the fitting and furnishing of their places of business. Any obstacle to traffic in the street, any thing that obstructs the view of signs, windows etc., is a direct injury to their property. Such an obstruction is the stairway abomination on Virginia street. It is not right that any real estate owner should be permitted to improve his property at the expense of the public. The structure referred to is an unsightly nuisance. It has been erected upon one of the principal streets in Reno. Permission to build it was obtained through a misapprehension of the nature of the work to be done. Not even a light iron spiral stairway should be permitted on the street. None should be tolerated. The present stairway is a fraud upon the business men of the street. It is a patch put upon the town; a wretched blemish to the place, and the laughing stock of visitors. Public sentiment and the best interest of the community demand its removal, and that such structures be prohibited in the future. The Virginia street staircase, built in the roadway to the injury of the public, must come down.

Another unsightly object in its present position on the plaza, is the engine house. A regard for economy induced the authorities to place it where it now stands. But it hurts the looks of the town; it sadly mars the pleasing effect that the plaza formerly had. That ground was the only thing approaching to a public square that Reno possessed. The engine house now occupies the centre of that space, conspicuous in its isolated ugliness. It is to be hoped that a more suitable site will be found for it. Any citizen possessing a vacant lot in a central situation, could do a generous and public spirited thing by allowing the building to be placed upon it. Better; he could give the lot to the town for fire purposes.

THE REFORM CLUB.

The meetings of the reform club are very well attended and command quite a fair share of public interest. The little church around the corner is crowded every Saturday night. Some of the members are inclined to think that the exercises are too varied and have too little temperance in them. This is the objection of the "stalwarts" who are so taken up with the theme that they find no trouble in keeping up their interest in the meetings. To such we would say there are people whom you wish to benefit who must be wooed instead of being dragged. You must present attractions superior to the gay saloon, and the merry crowd with whom they love to laugh and talk. To such, the incessant song of temperance and the old tune played continually on one string would prove rather dry. Another danger to the success of the meetings is rowdyism in the back seats and in the vestibule. When some man unused to speaking or reading arises to do his part, some one who may know him well, coughs out and clears his throat in the manner of a great many orators. All such conduct is unbecoming to gentlemen and should never be indulged in. It is not conducive to the good of the institution. All who attend should be sympathetic, cordial and appreciative, and thus strengthen each other.

THE HONORABLE GENTLEMAN FROM CALIFORNIA.

Washoe's hold-over senator, Hon. C. C. Powning, puts himself on the record as being against the re-election of Senator Sharon. It would be a disgrace to this state as well as to the United States senate to send Sharon back again. He has been a senator in no single sense of the term, not even in name. He has done nothing for his constituents or the country at large. A scathing article might be written upon his desertion of his high post of duty at times when a single vote might represent the balance of power, but the facts are notorious and need not be dwelt upon. Nevada has work for her senators and she should have men who will pay a little attention to her wishes and needs. We can conceive of no possible motive any legislator could have for voting for Sharon again except the one of lining his own pockets. Let every candidate on both sides be pledged on this question, and let the people insist upon the gentleman from California releasing his grip upon the pay roll.

PACIFIC COAST ITEMS.

It is estimated that the Pacific Coast has 130,000 Chinese, while in all China there is less than 700 Americans.

There are scarcely any idle men in Salt Lake, and reports from the mining districts are to the effect that no idlers are to be found.

The Bakersfield *Southern Californian* says an artesian well has been bored on Sec. 16, T. 31 S., R. 27 E., owned by Haggin & Carr, to the depth of over 400 feet, from which a fine flow of water has been obtained.

On Sunday afternoon, a young man named Andrew A. Young, was drowned in the Tuolumne river, near the railroad bridge at Modesto. He and a companion went in bathing, and Young, being seized with cramps, was drowned before assistance could reach him.

John Baker was indicted for murder in Guadalupe county, Texas, and released on bail. He employed his liberty in attending religious services, and became a real or pretended convert. He went to a Methodist camp meeting, and was addressing the congregation, when a rifle ball penetrated his brain, and he fell dead. Some friend of his victim had fired from a distance with unerring aim.

John Welch, confined in the San Joaquin county jail, at Stockton, Cal., for grand larceny, awaiting the action of the Grand Jury, attacked Jailer Field Friday night while he was opening the door to iron Welch, who was very troublesome during the day. Field, procuring a slung-shot, hit Welch over the head, fracturing the skull. Field called for assistance, and it took three men to put Welch back into his cell.

John Campbell, a young farmer, 22 years old, living near Atlanta, nine miles from Stockton, Cal., killed his brother-in-law, named Bremer, Friday night, shooting him off his horse while the latter was passing the house. Bremer, who is a worthless man, abused his wife (Campbell's sister) and made things very disagreeable for Campbell and wife. Campbell was arrested and lodged in jail. He is very quiet about the affair, and will not commit himself.

ARCTIC EXPLORATIONS.

The Northeast Passage—Discovery of a Singular Race.

NEW YORK, Aug. 8.—Speaking of Nordenskjold's feat, the *Tribune* says: The practical value of this northeast passage has yet to be determined. It will, at all events be greater than that of the northwest passage, the discovery for which Sir Robert McClure was knighted, and received a reward of £33,000. A letter from one of Nordenskjold's assistants gives an interesting account of the Tshade, a peculiar race inhabiting the northeastern part of Siberia. They look very much like the Greenlanders; are small but alert; have brownish yellow skin with coal black eyes and hair; and a singularly joyless, almost frozen expression of the face. They live in tents, dress in skins, and feed on seal flesh. The women are tattooed in the face. A dictionary has been made of the language, comprising about 800 words. It will no doubt prove of interest to linguists, as the tongues of the Polar races have hitherto been as great a puzzle to philologists as those of the negroes of tropical Africa.

The crops about Reese river and Smoky valley are much below the average this year.

Highly respectable Paradise gentleman, of high social standing, (name suppressed), drove his wife out of his house with a pistol one night recently. Bad whiskey.

A party of Shoshone Indians near Austin, for some unknown offense, stoned a squaw and then galloped over her prostrate body. She was rescued by teamsters, but was much injured.

The Eureka *Leader* and the Virginia *Chronicle* keep up their war against the railroads. We wish our contemporaries would let up a little until we get a railroad into Bodie.—*Bodie Standard.*

It is not unlikely that Eureka's new theatre, when completed, will be formally opened by Haverly's Minstrels, the *Sentinel* thinks. They will return East about the time it is expected it will be finished.

Mrs. Downing had a pet young cow on her ranch near Paradise. The little dear has a very playful and frolicsome disposition. One day last week the lady visited the pretty animal, when it playfully knocked her down, breaking two ribs.

The *Leader* has the following: A suicidal mania seems to have taken possession of Eureka lately, one fatal case, and half a dozen attempts to shuffle out of the world having been made during the last ten days. A married woman is the latest who has adopted this method of ending family troubles, last night swallowed a dose of laudanum in a glass of beer. She was pumped out, deluged with strong coffee, violently exercised until past midnight and will be all right in a day or so. She expresses herself as happy that she was not successful.

AN UNFAITHFUL SQUAW.

The Truant Mahala Recovered—The Barbarous Punishment of Infidelity Among the Piutes.

From the Carson Appeal.

It will be remembered that a few weeks ago Johnson Sides, the Franktown Piute, called on the Governor for advice as to what course to pursue to get back an old aunt of his who ran away to California with another Piute, deserting her aged husband and children. Well, Johnson told the *Appeal* yesterday that the recreant aunt had been returned to Nevada several days ago by two young Piutes who were secretly sent out to search for her. The old mahala was found in the vicinity of Colfax, Cal., enjoying a rather late day honeymoon. She returned to her friends very reluctantly, in fact the young bucks were compelled to use physical force, as she would not be influenced by moral suasion. Sides' aunt is now at a point near Pyramid Lake, and she will be tried by a number of her tribe for infidelity, which is looked upon as the most serious of crimes by the Piutes. They can forgive anything but infidelity on the part of a mahala. Sides thinks that her conviction is now a settled thing. The punishment will be of the most barbaric nature. The left arm and leg will be tied to one horse, and the right leg and arm to another, then the animals will be driven in different directions, tearing the woman in two. We do not know that a similar case has ever occurred in this State; but there is no doubt if this punishment is carried out it will bring terror to the hearts of the dusky Piute maidens and will have the effect of keeping them well within the matrimonial traces.

—The attention of sufferers from chronic and special diseases is called to the fact that Doctor de Freye, the celebrated specialist, can now be consulted at the Lake House. Consultations free.

The Hydropathic Cure.

Yesterday afternoon a drunk was making a disturbance in the Arcade saloon. D. McFarland put him out several times, but he persisted in his disorderly conduct. At last McFarland held him down on the sidewalk and drenched him with the hose. The water-cure was effectual, and he went his way a more sober, if not a wiser man.

Improvements.

Mr. Small is building two handsome houses on Fifth street, opposite Mr. Bragg's. Mr. Loomis has a cottage half finished a block further west. On Beemer's lot the walls are laid for quite a large house, and a new one is going up back of Mr. Dunnings, on the same street. The foundations are already laid.

District Court.

The district court resumed business to-day, Judge S. D. King presiding. The case of the Reno Savings Bank vs Washoe county is on trial. Major Mann for plaintiff and District Attorney Bowman for defendant. The action is brought to recover the amount of a claim assigned to the bank.

"Ministerial Life in Nevada."

Rev. W. R. Jenvey delivered a highly interesting address on the above subject before the Reform Club, last Saturday evening. The address abounded in humorous anecdotes drawn from Mr. Jenvey's own experience, and was very entertaining.

Singers for the Comstock.

Aimee, the queen of opera bouffe, with Maurice Grau's opera company, came up from San Francisco last night and went to Virginia this morning, where they have an engagement for three nights. Their car will lie on the siding here until their return.

Bids will be received at the store of Knust & Jones by the Trustees of Reno Lodge No. 13 F. & A. M., until the 21st inst., for the erection of a brick addition to the Masonic Hall. Building as per plans and specifications, to be examined at the place aforesaid. The Trustees reserving the right to reject any and all bids. Reno, Aug. 6th, 1879.

Lincoln Avenue Riots.

Yesterday afternoon the residents on Lincoln Avenue were disturbed in their devotions by wild cries of "Murder, Police," etc. The soiled doves, with disordered plumage, came flying out of the numerous cotes in the neighborhood, in a flutter of alarm at the uproar. They found Mollie Fanchion in the middle of the street, in a loosely flowing robe of white, accusing her Johnnie of attempts upon her life and virtue. Constable Avery promptly appeared upon the scene and arrested the shrieking woman and also Johnnie Fanchion, whom he found in Mollie's drawing room. They were each fined $10 yesterday by Justice Young for disorderly conduct.

Willie Folsom and Mollie Fanchion were up for trial to-day on a similar charge. The case drew a large crowd of people into the court room this afternoon anxious to study the ways of the law. Several Lincoln Avenue ladies were conspicuous in the throng. A verdict had not been rendered up to the time of going to press.

The Double-Headed Woman.

The great feminine combination of two heads, four arms, four legs and one body, arrived from New York last night, and took the train for Virginia this morning. This phenomenal person has a double individuality. She can use both tongues at the same time, speaking two different languages at once. She has not been exhibited on the way here, and will be shown for the first time at Virginia to-night. She is advertised to appear in Reno on the twentieth instant. Messrs. Sackett and Welch are her managers, and travel with her. Being a double woman, it is not to be supposed that she could be managed by one man. Two other phenomena Count Rosebud and Baron Littlefinger, are in their charge.

The Sorry Soiree.

On Saturday evening, by 9 o'clock, six or eight gallant couples had gathered in Kimball's Hall to indulge in the perspiring pleasures of the dance. The heat prevented many from going. Prof. Scott, the urbane dancing master, called on the assembled multitude to form a quadrille. The dancers didn't want a quadrille, and called for music for a round dance. At this hint of insubordination, the genial Professor commenced turning off the gas, two jets at a time, remarking that he guessed they didn't want to dance much. The young folks guessed they would drop the soiree, and came away. There were ten or more couples on their way to the dance, but they turned back on hearing a report of the proceedings at the hall.

Two Mahalas Quarrel.

Two Indian ladies got into a quarrel on Sierra street yesterday. They wound their fingers in the tresses of each others' raven hair and pulled and hauled with a great deal of energy. Toward the close of the fight one squaw repeatedly struck the other in the face with a large stone held in both hands for the purpose. The punishment was too severe for the rock-beaten squaw, and she gave up the contest. The brutal exhibition was witnessed by a number of whites.

Fire in the Mountains.

For two days and nights a fire has been burning in the Sierra near Crystal Peak. It is said to be confined to the underbrush and fallen sticks on a section where the timber has been cut. The rising smoke marks its situation during the day and at night the red glow of the fire is conspicuous in the West. The far-off flames at night look exceedingly beautiful as they blaze up fiercely when fanned by the wind. Last night the fire covered a large space and seemed to be gaining.

Off for Camping.

Dr. Dawson, P. B. Comstock and R. S. Osburn started off this morning for Grizzly valley. They were well provided with fishing tackle, firearms, and a complete outfit for camping. They will hunt anything from a grizzly bear down to a ground squirrel, and will make a long trip. Messrs. Maxson, Maddrill and Fleming started off for Lake Tahoe yesterday. They will camp out and remain about a week.

A New Society.

An organization to be known as the Hebrew Benevolent Society, was formed in Reno yesterday. Its object is sufficiently defined in the name. The following officers were elected: President, Morris Ash; Vice-President, D. Pechner; Secretary, E. Meyer; Treasurer, Thomas Barnett; Trustees—I. Barnett, B. Lachman, M. Levy.

Matrimonial.

John Belz, a well known and popular young citizen was launched upon the matrimonial sea yesterday by Justice Young. His companion for the long voyage was Miss Lizzie Leonhardt, an estimable young lady. They departed for a trip to Tahoe yesterday, and have the best wishes of everybody.

A High Point.

The government surveyors under Lieut. Einbech have opened the station on Mount Pah Rah west of Pyramid Lake. It is 4845 feet higher than Reno and is almost perpendicularly over the shore of the lake. With a glass the ball on the spire of Chamberlain's hotel is visible, and also the upper windows of Hammond & Wilson's theatre.

PERSONAL.

Phi Bates and S. Purdy, of Long Valley, are in town.

Stephen Ede and wife are going down on the lightning to-night and will spend ten days in California.

Samuel Hubbard, agent for the Bell Telephone Company, was in Reno Saturday evening and went on to Truckee.

George Senf, manager of the Western Union telegraph office in Virginia, spent Sunday here and returned home this morning.

Isaac Chamberlain, Jno. F. Myers, J. S. Gilson, J. M. Flanagan and C. W. Jones took the train this morning to attend the Grand Lodge, K. of P.

A Singular Accident.

F. S. Merchant, traveling in the interest of K. O. King & Co. of San Francisco, was a passenger on the west-bound emigrant train last evening. He was sitting in a chair in the caboose and had fallen asleep. As the train was passing the State Prison wall he rose from the chair in his sleep and walked out of the doorway in the side of the car. The cars were moving at the rate of sixteen miles an hour at the time. His head struck heavily against a large stone and he rebounded some little distance from the ground. He was picked up as soon as possible and taken to the Depot Hotel, where he now lies. Though badly cut and bruised about the head, his injuries are not at all serious. He is doing well and will soon be able to resume his travels.

A Good Time Coming.

Kinkead and Leete brought in some of the worst ore they could find yesterday, and will try it in the concentrator this evening. Ore has been tested from the Crown Prince and Buckeye with satisfactory results. A Frue concentrator has been bought, and inside of a month Pyramid will be a camp.

A Coupling Accident.

A man named Livingstone had one hand badly crushed in coupling cars at Wadsworth yesterday. He was sent below to the railway hospital last night.

It is now introduced to the public of the Pacific Slope indorsed by the following certificates of the eminent Dr. S. Dana Hayes, State assayer of Massachusetts, and Dr. H. C. Louderback, of St Louis, Mo., both gentlemen prominent in their profession, and which is a guarantee to all buyers of its purity and quality.

I can show thousands of letters from private persons from all parts of the Union and Canada, to testify to its merits and the benefit it has afforded, as a family remedy and tonic.

WHY STAY POOR?

Prospecting often Pays; Idleness Never.

The millions of the Comstock were a lucky find. Worthless looking rock is often rich in treasure. At Leadville a simple assay made millionaires of many. Other bonanzas where least suspected await the coming of some unknown man. Who is he?

At Virginia City, Nevada, assays for Gold and Silver are made at $1.00 per sample, by CONRAD WIEGAND, formerly the Supervising Assayer of the U. S. Mint at San Francisco.

The mail will carry ore-samples to his office for one cent per ounce.

Reports which may be relied on absolutely, come back by return mail, or results are telegraphed when ordered so.

All costs, delays and risks in remitting money are avoided by the purchase of our Dollar Remittance Tickets, which pay for all work done in our establishment.

We sell these prepaid tickets at a discount, when $5 worth or more are ordered at one time.

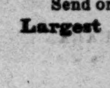

Small sacks for mailing ore samples also for sale at a nominal price.
